А ПОТОМ ВСЕХ ОСТАЛЬНЫХ!

**Cemetery for waste - cemetery  
for people!**

**Earth is our bigger home.**

News-agency “Liberation” assert that radioactive waste are kept under the open sky in Siberian Tomsk.

**Drum beat: Steel cargo containers of solid transuranic radioactive waste left from research and production of nuclear weapons are stored at various U.S. locations. CREDIT: U.S. Department of Energy**

- **Every year 108 tones waste products nuclear production import from French nuclear power plants into Tomsk-7.**

- More than 3000 containers can become depressurized and nuclear waste products get to atmosphere.

- 
- A cartoon illustration of Homer Simpson from 'The Simpsons' looking angry. He is holding a glowing green object in his right hand. The scene is set at night with a dark blue sky, a single light fixture, and green bushes. The image is framed by a thick, light-colored border.
- Journalists, ecologists, public opinion are disturb this problem, but governor, regional administration and “ROSATOM” management are state that uranium hexafluoride is not dangerous and serve as fuel for SCC.

A close-up photograph of a person wearing a makeshift gas mask. The mask is constructed from dark grey plastic and features three circular openings: two for eyes and one for the mouth. Each opening is framed by a white plastic bottle cap. The mouth cap is inverted, showing its perforated bottom. A yellow sticker with a red and black symbol is affixed to the top of the mask. The background is blurred, showing other people.

We can decide these problem:

A glowing green radiation symbol, also known as the Morgenthau symbol, is centered on a black background. The symbol consists of a central circle with three curved arms extending outwards, resembling a stylized atomic symbol. The entire symbol has a bright green glow and a slight shadow effect.

1. Drown these containers in the Vasugan swamps.

**2. Locate these containers in underground concrete entombment.**

**3. Send these containers in space.**
